

The planning is over. It's time to start acting.

We are calling on all Task Force members and active community participants to help us create a blueprint for acting on the recommendations in the Indiana County Sustainable Economic Development Task Force's Final Report.

These recommendations were established by Focus Groups that concentrated on new opportunities in four sectors:

- **agriculture,**
- **renewable energy,**
- **building construction and materials, and**
- **environmental restoration and stewardship.**

It is our hope that reuniting our Focus Groups will allow us to prioritize actions that will make Indiana County sustainable.

When we will meet: March 27, 2019 at 6:30 pm

Where we will meet: The Indiana County Technology Center

Please RSVP by contacting Sustainability Coordinator Molly Sarver at m.sarver.icopd@gmail.com, or by phone at 724-762-7449.

Questions? Call Kay Snyder at 724-422-0526.
